

Year 3 Learning Log

Friday 12th January 2018

Home Learning Task

This week, we have started our Science topic which is Animals, including humans. We have been learning why food is important and we have looked at different food groups. For homework, please design a meal for a human which includes all of the food groups. Use the diagram and your own research to help you. If you want to challenge yourself, choose an animal and research its diet. Design a meal for your chosen animal!

General Homework

1. Read at least five times this week and record your reading in your reading journal.
2. Learn your spellings.
3. Practise your times tables.

To be returned to school on: Wednesday 17th January 2018

I worked on my own		I worked with my brother/sister	
I worked with a grown-up		I completed the work at school
