

Year 3 Learning Log

Friday 19<sup>th</sup> January 2018

Home Learning Task

This week, we have been looking at skeletons and muscles in our Science lessons. Label the human skeleton correctly using the words you have been given. For an extra challenge and bonus house points, write a few sentences explaining what the skeleton does and why it is important.

General Homework

1. Read at least five times this week and record your reading in your reading journal.
2. Learn your spellings.
3. Practise your times tables.

To be returned to school on: Wednesday 24<sup>th</sup> January 2018

I worked on my own

I worked with my brother/sister

I worked with a grown-up

I completed the work at school
