

Y5 Home learning task - set 1st February 2018. Due in 7th February 2018.

For your home learning this week, we would like you to create an information poster about fire safety. Think about the information that Jar gave us.

You could include information about:

- Fire alarms
- Escape plans
- What to do in the event of a fire
- Hoax calls
- Arson

We will be sending good examples to the Fire Department so make your work creative!
