Group 5 HAP	Spelling activity	Reciprocal Reading with Teacher 2	Comprehension activity independently	Reciprocal Reading with TA	Comprehension with Teacher

Reciprocal reading sessions are held daily. Children are grouped and work on different reading activities whilst the teacher works with a small group of children to develop reading comprehension skills. Other teachers and teaching assistants will also take small groups for a reciprocal reading session with a small group. This is where children un-pick texts, working on the four key skills of predicting, clarifying, questioning and summarising.
