# FORTUNATELY, UNFORTUNATELY

**WHAT IS THE BOOK ABOUT?**

---

Milo is asked to return Granny's umbrella to her house, after she left it behind. He has a surprising adventure on the walk and meets some interesting characters - some more friendly than others!

**WHO WOULD I RECOMMEND THIS BOOK FOR?**

---

This book shows that you can turn situations that may initially seem rather dull into something fun. You might even end up on an adventure! I also like the rhythm and pattern that the book follows throughout.
