Dear Parents/Carers,

Home Learning Survey Results

Thank you so much to everyone who provided feedback through the survey last week. We were really impressed with the number of responses and overwhelmed with the positivity that came through. We are always striving to provide the best provision for our children, whether in school or more recently, at home.

Following the feedback, we have a couple of actions for you to be aware of:

- Answer booklets for the first work pack are now on the school website Home Learning page
- Teachers will be creating a suggested weekly timetable and these will also be put on the school website
- We will continue to text out links to our Twitter and website pages regularly

As always, let us know if you have any questions by calling the school landline.

Many thanks for your continued support,

Miss Slinger
Principal
