

Year 3 Homework Pick and Mix Week 7

Get Reading

Complete a book and quiz on AR within the next week. Remember you can search for your own book titles

Get Speaking

Phone somebody up and cheer them up. Tell them what you have been doing. You could tell them about our school character muscles and how you have been using them.

Get Creative

Junk modelling!
Collect your clean recycling for a week and see what amazing things you can create. Maybe you could paint it when you have finished and put a photo on Twitter for us all to see!

Get Mathematical

When you are looking at your food labels this week have a look at how the contents are measured.
What is the unit of measure?
Which containers hold the most?
Are liquids and solids different units of measure?

Get Exploring

Revisit the bug hotel you made last week. How many bugs can you see and what are they?
How could you categorise them?
Number of legs, colour, wings or not?

Get Online

Don't forget to look at the <https://www.bbc.co.uk/bitesize/dailylessons>

Get Cooking

Learn about food labels.
How much sugar and salt are in the different foods in your cupboard?
How can we make healthier choices?

Get using those Character Muscles

Our character muscle of the week is managing impulsivity.
When we are spending so much time at home do we always think before we do or say things?
Try extra hard to be kind and make the right choices this week.

In a world where
You can be
anything, be
kind.

Dear Parent/Carer,

Here are your child's home learning activities. The teaching staff have selected some activities that will support your child with their learning and encourage them to become independent learners. Please make time to choose and do some of these activities with your child. We are always interested to see and hear what home learning activities you have done, so make sure you share your work with the rest of the class!
