

Year 4 Homework Pick and Mix

Get Reading

Read a book and quiz on AR within the next week. Can you meet your point target?

Get Speaking

Find out something new about each person living in your home. It could be about their childhood, favourite memory, something they enjoy doing.

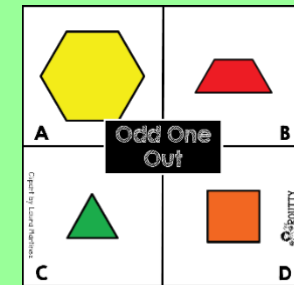

Get Creative

Using what is in your house, what different ways can you make music? Use your djembe drumming skills to help you make a tune.

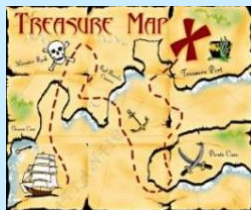

Get Mathematical

Which shape is the odd one out and why? Can you find a reason for each shape being the odd one out? Think about each shapes properties.

Get Exploring

Create your own treasure hunt in your home for someone in your family to complete? You may need to think of some clues to give them if they get stuck.

Get Online

This term we would have been looking at rainforests. Use the internet to find out information about why our rainforests are important and what is happening to our rainforests are in danger?

Challenge: How can you help to protect our rainforests?

Get Cooking

Around the world, different countries have different cuisines. Could you find a new dish that you haven't tried before from another cuisine and have a go at making it? Some examples are Indian, Chinese, Thai, French or Spanish.

Character Muscles

At Knighton, we all know how important it is to use our character muscles at school. To help you remember to use your character muscles at home, can you create your own character muscle poster?
