

Year 4 Homework Pick and Mix

Get Reading

Read a book and quiz on AR within the next week. Alternatively, go on to myon.co.uk and see what new books you can find to read.

Get Speaking

Create your own set of instructions to make your paper tower, and explain them to somebody else. Are they clear enough for somebody else to follow?

Get Creative

Using 10 pieces of A4 paper and either glue or tape, build your own tower. There is one rule, it must stand by itself and not lean on anything.

Get Mathematical

Which one of these is the odd one out? Reason your explanations.

32	64
81	144

Get Exploring

On your daily walk, collect different nature items such as sticks, pebbles, leaves and create your own nature picture.

Get Online

As part of World Ocean's Day, research the effects of plastic in our oceans. Create a poster to raise awareness of plastic pollution.

Get Cooking

This week you are on a budget. Create a meal for your family that includes a main course and a desert for £10. Research different supermarkets online to find the best deals for your ingredients.

Character Muscles

At KMPA we love our character muscles. One of our character muscles is reasoning. Can you make an argument for why children should/shouldn't wear school uniform?
