

# Year 4 Homework Pick and Mix

## Get Reading

Read a book and quiz on AR within the next week. Alternatively, go on to [myon.co.uk](http://myon.co.uk) and see what new books you can find to read.

## Get Speaking

Learn how to say 'Hello, My name is...' in a different language. Challenge: How many different languages can you learn to say it in?

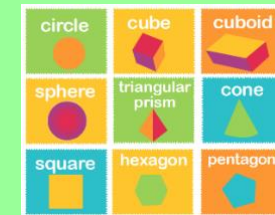

## Get Creative

Using recycled items in your home, create your own version of a rocket. Decorate it how you wish but make sure it can stand up!

## Get Mathematical

Search around your home and see what 2D and 3D shapes you can find. Remember that they may be presented in different representations.

## Get Exploring

This term we would have been continuing our work around the topic 'Raging Rivers'. On your daily work, see if you can explore a local river or stream that is nearby. While you are there, think about why rivers are important and what they are used for.

## Get Online

Last week, two American astronauts flew into space for the first time in nearly a decade. Watch the launch here and research as many facts about space/the launch as you can.

<https://youtu.be/22BXPLkyocw>

## Get Cooking

It's time to back something savoury. Be creative! It could be anything from a cheese scone to a sausage roll.

## Character Muscles

Choose one of our character muscles, that you are familiar with and write a short story about it. Post your story to twitter so we can read it!
