

### INVESTIGATE THIS!

#### YEAR 2 SCIENCE

National Curriculum  
expectations:

##### Science—Investigate This!

Ask simple questions and recognise they can be answered in different ways

Observe closely, using simple equipment.

Be able to perform simple tests.

To be able to identify and classify.

To use observations and ideas to suggest answers to questions.

Gather and record data to help in answering questions.

#### Vocabulary

*Investigate:* To look for clues and try and work out what they mean.

*Experiment:* A test to find something out.

*Prediction:* To say what you think is going to happen in an experiment or investigation.

*Fair test:* Controlling some of the things used or done in a test so they do not change

*Data:* A collection of observations, measurements and/or facts.

*Conclusion:* To finish with an explanation based on findings.

*Observation:* The things that can be seen during an experiment and the taking of notes.

*Classify:* To sort things into groups.
