

Year 6 Learning Log
27th November 2020

Home Learning Task

Our Science topic is Light. This week, we would like you to create poster all about light. You could include information about how we can see, reflection, refraction and the colour spectrum.

General Homework

1. Read every day this week and complete a test in school when you have finished your book.
2. Learn your spellings - you could practise on Spelling Frame.
3. Practise your times tables daily - you could do this on Times Tables Rockstars.

To be returned to school on: Wednesday 2nd December 2020

I worked on my own

I worked with my brother/sister

I worked with a grown-up

I completed the work at school
