Dear Parents/Carers,

2 Week Review of Remote Learning at Knighton Mead Primary Academy

I thought I would send a quick letter out to you all to feedback on how things are going with our new teaching and learning systems this term.

We have had another fantastic week, with 95% of pupils engaging with their remote learning and live lessons on Thursday which is our best so far! Once again, thank you so much as we know family support plays a big part in this being such a success. As you will know, engagement in these sessions is seen as 'attendance' and will be followed up similarly to if your child did not attend school. Thank you to those of you who continue to let the school office know if your child is unable to attend due to illness etc.

We support you in encouraging independence with the children as much as possible throughout their week and we suggest you avoid having distractions in the room such as TVs or mobile phones.

As Fridays are for Pick 'n' Mix activities, group one will have their check in with the teacher at **9am** and the second group at **10am**. Please remember this slight change in timetable on a Friday so that your child doesn't miss their slot with the teacher.

As a school, we could not be any happier or prouder with the support and enthusiasm we are seeing from children and families this term so far – keep it up!

Thank you, as always, for your ongoing support,

Miss J L Slinger

Principal
