Friday 26th February 2021

Dear Parents/Carers,

Covid-19 Update

- Re-Opening more widely to all year groups from Monday 8th March 2021

Firstly and once again, a huge thank you. We understand the challenges that have come with supporting your child/ren with Remote Learning and we hope you feel we have supported you best that we can from a distance. The learning which has taken place over the last few weeks has been nothing short of exceptional and that has only occurred through a whole team and community effort. Because of this success, the return to onsite education will be very different to September and we are confident that pupils will settle back to school routines positively and quickly.

We were pleased to receive confirmation from the government earlier this week that all children will return to school on 8th March. There will be no phased return.

As you will be aware of, we already have a very robust risk assessment and set of safety measures in place to ensure that Knighton Mead is as safe as possible for all children and adults onsite. Attached to this letter is an updated overview of these for you to read – I do hope this reassures you that we are doing all that we can to reduce any potential transmission of Covid-19 in school. Do make sure you keep an eye on our Twitter page for relevant information that we share too. Our plans have been thoroughly thought through and meet the requirements set out by the published documents from the Department for Education.

As parents/carers, we ask you to follow the below carefully and read the overview attached in detail:

- If your child falls ill during the day and develops symptoms, they will be immediately brought to the front office and you will be called to come and collect them
- Please drop your child to the locations outlined on the attached document, where they will be greeted by a teacher. Due to the high number of gates at Knighton, we will not be staggering drop off and pick up times, for now.
- Please provide your child with a clearly labelled water bottle
- You must follow social distancing rules - please ensure that there is only 1 adult accompanying your child. If you are dropping multiple children off, you must walk around the building to drop off at the allocated gate for their cohort team (class)

I hope the information above and overleaf helps to answer many of your questions; however, if you have any further queries please don't hesitate to contact me.

I really look forward to welcoming all children back to Knighton Mead and thank you again for your ongoing support.

Yours Sincerely,

Miss Slinger
